

AVRCE Staff and Student Personal Device Activation

If you would like to use your personal device on the AVRCE wireless network, from either an @avrce.ca or @gnspes.ca email address, send a message to the following address and in the format below;

To: selfservice@avrce.ca with a subject of wireless and "+MACAddress of your device,description" in the body of the message.

Your email should look like the following.

*Make sure you include the + symbol at the beginning, and the comma (along with description). Do not include spaces

If you're not sure how to find the MAC address of your device, goto <http://it.avrce.ca> and follow the link to "Connect Personal Device To Wireless) then select your device type for a quick tutorial.

Once you send the email, you will receive a follow-up email with instructions on which network to connect to.

NOTE: This email can be sent from any computer / chromebook / iPad in the school or at home as long as you are logged in to your own @gnspes / @avrce email account. The AVRSB_Student_Personal network will not be available after 30-Jun-2018.
